Zinia King

"I live in the beautiful Adelaide Hills (in South Australia) and I am super inspired by the beautiful native plants and animals that I see every day. It is my intention that interactions with my characters will fill your 'whimsy' quota for the day and that you might take more time to appreciate the beautiful natural environment around you. I hope you love my art as much as I love creating it."

Polly Wilson

“I was born and raised on Kamilaroi country northwest NSW. I paint to deepen my connection to my culture and to release thoughts that words cannot convey. As the paint flows, I feel a magical release and haven't looked back I paint using my contemporary take on traditional art, channelled from my ancestors, and using personal experiences and life lessons. ”
